### **Travel tips**

Seat reservations are free of charge and can be made when you buy a ticket. Many can be reserved up to three hours before the train departs from its origin station. For a more comfortable journey please make a seat reservation.

Making connections need not be a hassle. However there are minimum connecting times which you should check before you buy a ticket. Connections cannot be guaranteed but we will make every effort to minimise disruption to your journey.

**International connections** are possible from many stations on the Virgin Trains network including Birmingham International, Gatwick, Manchester and Southampton airports and London Euston for Waterloo International.

**Luggage** can be carried on our trains, however we ask that you bring no more than you can comfortably carry. Arriving in good time at your station, please ensure that you use the overhead luggage compartments as well as the areas between certain rows of seats and that you do not block the aisle.

**Bikes and pets** may be carried onboard most trains, however you need to make a cycle reservation in advance. Once at the station, please ask where you should wait with your cycle so that you can board quickly. Pets may also be carried. Ask for full details when buying your ticket.

### All Virgin Trains services are non smoking

**Customers travelling at weekends** should note that ongoing route modernisation work may cause last minute changes to this timetable. You are advised to check train times before travelling. See 'Useful numbers & web addresses' for contact details.
